EASTER BUNNY SURPRISES DANA SHORES KIDS AT DSWC PARTY

The Dana Shores Women's Club (DSWC) hosted the Rocky Point Children's Egg Hunt on April 8, and thirty children plus their parents turned out at Skyway Park for the fun. While the bunny and egg relays were great, event highlights were the egg hunt and a visit from the Easter Bunny! Parents and kids mixed and mingled, enjoyed pizza and cookies, and had some good old-fashioned neighborhood fun. Thanks to Debbie Trujillo for organizing the party and all the gals who helped: Julie Bowers, Anne Carney, Becky Kratz, VeeAnn and Samira Mahdih, Tina Mawn, and Amy Veith.

DSWC ANNUAL LUNCHEON FRIDAY, MAY 19

All Dana Shores Women Club members are invited to attend our annual luncheon to be held at Bahama Breeze on Friday May 19 from 11:30 - 1:00 p.m.

This year we moved the date to a Friday in the hopes that our working members might have a better chance of taking a long lunch and joining us. Each member is responsible for their own bill. Please watch for your invite and RSVP at your earliest convenience so that Bahama Breeze can plan accordingly.

We look forward to seeing you there.

SPRING INTO SUMMER ANNUAL TGIF – FRIDAY, JUNE 2

Mark your calendars for the first DSWC TGIF of the year, the annual "Spring into Summer" party, on Friday, June 2, from 6 – 9 p.m. at the Rocky Point Golf Course. Jason Gullede and Jeff Coleman are helping us organize the party and will provide live music outside on the new deck. We heard there may even be some karaoke as the

evening goes on.

This is a fund raiser for the DSWC. Cost for admission is \$10 per person and includes 2 drink tickets. You may also purchase additional drink tickets in advance from the DSWC or there will be a **cash bar** outside. Food will be available for purchase inside: cheeseburgers, hot dogs, chicken tenders – all served with fries – as well as a chicken tender salad. Desserts will be provided by the DSWC. This is a great party for easing into summer with your neighbors.

Need a kid sitter for the evening? Remember that there are several teenagers in our neighborhood who would love to make a little summer spending money watching your little ones while you escape for a few hours! You can find their contact information in this edition of the *Shore Lines*. Watch for your invite, please RSVP as soon as possible, and we look forward to seeing you there!

DANCING IN THE SHORES

Want to learn some new moves for an upcoming wedding, dancing with friends, or a private evening in your living room?

Come learn Salsa, Foxtrot, and up to six other ballroom dances in a six-week course taught by Larry Lucas, one of our newest neighbors. Larry has won a state of Florida ballroom-dance title and has shared his knowledge with many couples since. Now, he is bringing the joy to Dana Shores.

- **When:** Monday evenings from 7 – 8:30 p.m. starting May 8
- **Who:** The class can accommodate up to 24 people. Dance partners are encouraged but not required
- **What to Wear:** Comfortable clothing and either leather-soled shoes or double socks
- **Where:** Classes will be held locally at Larry's home (Details will be provided to those who sign up)
- **To Sign Up:** Email us your contact information to info@danashores.com. We'll get back to you with details.

Sign up fast while there is still room! Classes are free. (If you cannot make these classes, please let us know if you are interested in future courses.)

Special thanks to Larry for offering to share his knowledge with us. If you have a special talent or knowledge you would like to share, let us know at info@danashores.com

GOLF REGISTRATION UNDERWAY

A program branch of the Tampa Metropolitan Area YMCA, The First Tee of Tampa Bay, offers year-round programs for children ages 5-18 at Rocky Point and other area golf courses.

The First Tee program uses the game of golf to provide young people the chance to develop life-enhancing values like confidence, perseverance, and judgment. The organization shows children that golf is more than a game – it's an opportunity to become the very best they can be.

Upcoming programs are listed on the www.danashores.com website:

- **GROUP GOLF LESSONS** at Rocky Point Golf Course (Boys and Girls, Ages 5 – 18) – Starting Saturday, May 6
- **GOLF TEAMS** (Boys and Girls, Ages 7 – 18) – Starting Saturday, May 6
- **TOURNAMENT SERIES** (Boys and Girls, Ages 7 – 18) – Next Tournament May 13 - 14
- **SUMMER GOLF CAMP** (Beginners – Advanced Golfers) – Starting Saturday, May 30
- **JEWELS GIRLS GOLF** (Girls Only, Ages 7 – 18) – Starting Saturday, May 6

Register at www.thefirstteetampabay.org or call 813-238-7320. All levels welcome, from total beginners to advanced players.

MISSING OUR HOMIE

On Thursday, April 13, we received notification from residents who saw a bulldog wandering the streets and a separate notification from a homeowner whose bulldog (Homie) had gone missing. We worked quickly to share information between parties and, before long, dozens of neighbors were combing the streets and looking behind houses where he was last seen to locate the lost pup-pup. Although we have an amazing community that came together quickly to help, it was unfortunately too late. Homie died that morning after wandering to the edge of the canal behind someone's home and falling in.

I believe it is a natural response to look for meaning in our losses, and we have had too many similar losses over the years. Although we have not lost a child under similar circumstances, we also realize that such a situation could arise.

As a civic association, we have since taken an introspective look at our processes and the neighborhood. We've used the same approach to reconnect lost ones for some time, and it has helped many neighbors. But now, the question is what can we do better? Also, how have the neighborhood and our environment evolved? What does their evolution mean in terms of safety, liability, search and rescue? We can think of no better way to honor Homie and his family than for all of us to work collectively in his memory to save future lives. Our ideas and suggestions follow:

- **TEXT ALERT.** We are investigating a text alert option similar to an AMBER ALERT to speed up the notification process. More information on the HOMIE HOTLINE will be forthcoming soon.

- **RESCUE TEAM (ON LAND).** We realize that sometimes it's impossible to do more than snap a picture and send an alert. There may be no time before needing to pick up a child. Some people have a fear of dogs. We have, therefore, begun pulling together a small group of volunteers who can help us contain and safeguard a pet that is wandering the streets until its owners can be reached. If you are frequently home, are comfortable approaching and working with pets, and are willing to help when an alert goes out, please contact us at info@danashores.com

We also need crates for our volunteers. If you have a large dog crate collecting dust that you are willing to donate to this cause, please let us know.

- **RESCUE TEAM (ON WATER).** We have one homeowner who has already volunteered search-and-rescue services on the water. If you have a boat or jet ski and are willing to join this team, please let us know.
- **COLLARS/LEASHES ON HAND.** Elsie Fewer (Versailles Drive) has taken a small collection to purchase the slip collars/leashes like ones used at the vet's office. We know many folks try to catch loose pets but don't always have the right equipment with them to do so. If you take frequent walks and would like to carry one of these in your pocket (they roll up tightly), let us know. Also, the civic association is working with Elsie to inconspicuously locate these on the doggie-bag dispensers at the end of each street.
- **MICROCHIP FAIR.** We are investigating a microchip-your-pet day at Skyway Park. This would help us locate the owner of a found pet more readily. More information on this to follow.
- **FENCING THAT LIMITS ACCESS BETWEEN THE FRONT AND BACK YARD.** We realize the neighborhood at one time had very few fences, and to many this was part of its charm. But fences do provide some benefit, such as the ability to keep stray dogs (and children) away from our waterways and deter some types of criminal activity. In addition, much has changed since the neighborhood's inception, including the litigiousness of

our society. We've asked an attorney to offer some legal advice regarding this potential exposure so we can help our residents stay informed and avoid a costly surprise. (Look for this in the *Shore Lines* June edition.)

If a resident owns or works with a fencing company that is willing to provide a Dana Shores/Pelican Island discount, please let us know. Otherwise, if you know of a highly reputable fencing company, please add them to our vendor list on www.danashores.com

- **PET RAMP OR OTHER MEANS OF ESCAPE.** Waterfront Engineering (owned by Danny Anseeuw, Fontainebleau Drive) can refer folks searching for a high-quality, reinforced, aluminum pet ramp to a local fabricator, and he can help you plan for other materials you may need to purchase for the installation. In addition, Danny has offered free service to Dana Shores homeowners who need help installing their ramp.

We never know when it will be our own pet or family member that needs rescuing. Please review the above list and let us know how you would be willing to help.

DSCA VISION: Improving the Surrounding Public Lands and Waterways

By now, you've probably either been to a meeting, read newsletter articles, or read on the website about the civic association's nine-point vision. An important element of this vision includes improving the public lands and waterways surrounding Dana Shores. This external focus helps bring us together, directly enhances our residents' quality of life, and often provides other benefits too.

We have many people involved in helping direct, shape, and achieve these changes. Recent and upcoming initiatives include the following:

- Resurfaced tennis courts, enhanced lighting, and new nets. Thanks to efforts by Bob Saltzman, resident of Versailles Drive, supported by board discussions with management of county parks and rec, our tennis courts are now in tip-top shape. Footing has improved tremendously, and lighting is better at night.
- Jeff Coleman, resident of Fontainebleau Drive, represents the neighborhood and association as part of the Courtney Campbell Scenic Highway Corridor Advisory Committee. Within the next month or so, Hillsborough County will invest roughly \$1.2 million on an amenities package to enhance the Courtney Campbell Trail. This will include shaded structures, water stations, picnic tables, garbage cans, and other infrastructure for trail users.
- Brian Roberts, resident of Americana Drive, serves on the Rocky Point Golf Course Neighborhood Advisory Committee. Through these relationships, we worked with the golf course to enhance the right-of-way between Pelican Island and Memorial Highway and plant three palms near the corner at Americana Drive. (Learn more about these projects in their separate articles.)

A lot of positive change is going on around us. Bob, Jeff, and Brian - thank for your leadership!

Hillsborough County and other government entities routinely offer positions on citizen and advisory boards. If you have a special passion (e.g., historical architecture, children's advocacy), would like to broaden your network, or would like to deepen your resume, let us know at info@danashores.com. We'll work with you to help identify opportunities and provide support in areas of common interest through our neighborhood associations

WORKING HAND IN GLOVE

As many of you know, **Southern Florida Landscaping** (owned by Bart Butler) is an amazing community partner, donating critical resources and manpower to many of our neighborhood improvement projects. Over the last month or so, we've received numerous compliments on the green, green grass Southern Florida Landscaping installed near the entrance of Doral.

Now it's maintenance time. Bart's crew is actively involved in helping us maintain the area. In addition, **Brothers Pest Control**, a Lutz-based company owned by Chad and Sean Bruening, is donating their services to handle fertilization, weed control, and pest control.

If you see crews from either company in the neighborhood as they service their regular customers, please stop by and share your appreciation with them. We could not do many of the projects we do without this type of support and partnership.

DANA SHORES

CRIME-FREE

device BEFORE it is lost or stolen puts you back in control.

Find My iPhone uses built-in GPS services to locate your device on a map, providing critical information to law enforcement if it is stolen. The feature also allows you to remotely lock or delete data on your missing device. (And if you simply misplace your phone around the house, you may also activate a chime to aid in your search.)

If you have not yet configured and tested this feature, now is the time to do so. Once your device is gone, it's too late. We found two helpful articles on www.lifewire.com. Access their site. Then search for the following:

- **How to Set Up Find My iPhone on iPhone**
- **How to Use Find My iPhone to Find a Lost or Stolen Phone**

FIND MY iPHONE (and the Thief Who Took It)

Each month, we're asking residents to act on one important tip that can help our neighborhood achieve a crime-free vision. This month's tip won't stop an incident from occurring, but it can help law enforcement officers (LEO) catch a perpetrator and stop an incident from recurring.

iPhones and iPads are hot commodities among thieves. As a resident of Americana Drive recently learned, a few minutes configuring your

POSITIONING THE DSWC FOR BROAD APPEAL

When the DSWC was formed in 1959, most of the members were stay-at-home moms wanting to get together, bring their children together, and improve the neighborhood. They defined the organization's purpose in the articles of incorporation as "bringing together all women of the Dana Shores area who are interested in our social, philanthropic, and historical purposes."

Fast forward 58 years. Our demographics have changed. In addition to our stay-at-home moms, we have a good number of original homeowners and retired professionals, residents who are moving into the empty nest phase of their lives, and lots of young two-income and single-parent families. If our demographics have changed, it's only natural to consider how the organization that focuses on the social fiber of our community must also change.

Most of our active committee members have been involved for 20+ years, and we need broad appeal and new committee volunteers to ensure our long-term viability. You should have recently received a survey via Survey Monkey asking for your input, which will help us determine what changes to make. We've focused on two areas (our brand and our activities), although all feedback is welcome.

Our Brand: We've heard reluctance from some (both men and women) to be involved in a club whose name is geared toward only one gender. Men are a critical part of our organization, although our name still suggests otherwise. We have male members who pay dues to support the work of the Women's Club, and we could not accomplish the bulk of our neighborhood improvements without their help. We'd like to understand whether the concerns we are hearing are representative of the community or if our residents prefer to remain consistent with our historical ties.

Our Activities: In addition to reviewing our name, we're asking for your input on our agenda and activities. Today, most of our social events extend to each household's better half and generally appeal to an adult crowd. We also have a few events oriented toward the ladies and we have been bringing back the most popular children's parties from years past. Perhaps now is also a good time to start organizing some events geared around the guys, more activity-

based events, and more family-oriented events? We are interested in hearing what you think.

We hope you agree that a strong community of neighbors who know and enjoy one another's company provides immense value, and that the DSWC serves a vital role in strengthening the fabric of our community and complementing the project-oriented work of the civic association. Your survey responses will help us understand how we can best meet current and future community needs. (If you did not receive a survey or cannot find the link, please let us know at info@danashores.com)

We look forward to your feedback, involvement, and leadership as we position our organization for the next 50+ years.

A ROYAL ENTRANCE

Several years ago, we began planning for palm trees on the golf course that could enhance the entrance of Pelican Island and the west entrance of Dana Shores. Three magnificent royal palms now grace this corner thanks to the hard work and generosity of many.

In 2014, resident-owned businesses donated items to a silent auction. Together, Dana Shores and Pelican Island residents raised roughly \$2,000 for the project. This money was set aside and recently put toward building a berm on the golf course to protect the trees from regular tidal flows and to pay for a crane operator to help move the trees.

We have been waiting to move forward in part to ensure we had enough of our underground design work completed prior to finalizing the location of the palms. This wasn't something we had considered at the beginning of the project, but as we got into it we realized the need to do so. In the last few months, we've been able to confirm the palms' placement would not conflict with the upcoming undergrounding project. (Look for updates on the undergrounding project in the next few months.)

Recently, we also received a generous offer from the Lazaro family on Doral Drive. They donated three specimen palms from their property. This was an amazing gift of generosity and the kind of gift that keeps allowing us to do so much throughout the neighborhood with such low

dues. Please thank Oterino and Nelda if you see them!

Several others have also donated generously to the installation. **Bart Butler** provided a crew of seven from **Southern Florida Landscaping** who worked for an entire day moving and replanting the trees. **Ken Clark, Bob Wolf, and Brian Roberts** took painstaking measures to properly stake the trees. **Jackie and Neal Scott** are donating water, as palms of this size require a significant watering in period. **Paul Finocchiaro** of Pelican Island has been taking the lead to ensure the palms are properly watered.

We continue to achieve a great deal with the generous support of our neighbors. **We also need some help.** To help ensure the palms' survival, we must fill the watering bags surrounding each palm tree daily until they receive adequate rain water, and we need volunteers to help with this process. **If we have seven volunteers, we would only need your help one day a week for roughly one hour. Please contact us at info@danashores.com if you are willing to assist..**

Why royal palms?

Royal palms, a native plant to the Everglades, were recommended by multiple certified arborists due to their ability to handle occasional salinity, self-shedding abilities, and superior pest and disease resistance. This doesn't mean they can't have problems, but it does mean we've tried to do everything we can think of to ensure a successful project. That included building a berm to provide protection from regular tidal flows, wet feet, and excessive salinity. It also included getting mature royal palms. Younger royals are more susceptible to cold weather whereas mature royals tend to do well here.

IKare Publishing is provided all articles in this newsletter by the BOD or residents. IKare Publishing is not responsible for content.
